Date: 12<sup>th</sup> April 2007

## Letter of appreciation

We, at Upadhye Classes, had many problems about class management, office administration, accounting, checking objective papers, maintaining student's records, and so on.

We could solve all these and other problems by using software developed by Lsoft Technologies, Pune.

We are using this software since last 1 year and very happy to tell that it is working fantastic. Mr. Amol Gajbhiye of Lsoft Technologies was always eager to help us, from explaining us about software, loading it, fixing even smaller problems, etc.

After sale support was always very good.

We thank the team of Lsoft Technologies and wish them all the success.

Thanks.

A handwritten signature in black ink that reads "R. K. Upadhye".

Prof. R. K. Upadhye.
